PROFILE SUMMARY

Motivated IT student and aspiring frontend/web developer with hands-on experience in software development, UI/UX design, programming, and database management. Passionate about creating practical and user-friendly applications while applying technical knowledge to real-world projects. Eager to contribute, learn from experienced professionals, and further develop my skills in a professional environment.

EDUCATION

BACHELOR OF SCIENCE IN INFORMATION TECHNOLOGY

PHINMA University of Pangasinan | June 2023 - Present

- Specializing in Business Informatics

PROJECTS

BLIMS: Bolosan ES Learners Information Management System
Capstone Project | Oct 2025 - Oct 2026

Role: Frontend Developer

HTML | CSS | JavaScript | MongoDB | Node.js

Developed the frontend interface of a role-based school management system for administrators, faculty, and learners.

- Designed and implemented responsive user interfaces for dashboards, student management, schedules, attendance, grades, announcements, and academic records.
- Created consistent layouts and reusable UI components across the Admin, Teacher, and Student modules.
- Focused on usability, visual consistency, and responsive design throughout the system.

BizTrack: Small Business Sales and Expense Monitoring System
Junior Project | June 2025 - Oct 2025

Role: Lead Developer | UI/UX

HTML | CSS | JavaScript | PHP | MySQL

Developed a web-based sales and expense monitoring system designed to help small businesses digitize financial record-keeping and improve visibility into their financial performance.

- Led the development of core features for sales recording, expense tracking, and financial data management.
- Developed dashboards with visual analytics and daily, weekly, monthly, and yearly financial reports.
- Implemented role-based access for Admin and Staff users to control access to financial information.
- Developed automated calculations and financial summaries to reduce manual bookkeeping.
- Contributed to a simple, responsive interface designed for non-technical small business users.
